Oklahoma Beef Council Annual Report 2023

OBC Supports Beef. It's What's For Dinner. 300 at Daytona

This was the third and final year for the *Beef. It's What's For Dinner. 300* race at Daytona International Speedway. The Oklahoma Beef Council (OBC) supported the effort with onsite activation and, with eight other State Beef Councils also participating, provided funding for the FoxSports1 (FS1) package, which included four beef television commercials. FS1 viewership of the race was up 14 percent at 1.69M views – the highest-rated Xfinity series race on cable in over three years. It was a grilling, thrilling success!

New Beef Directory Created for Direct Sales

To assist Oklahoma beef farmers and ranchers who sell directly to consumers, the OBC created the online Oklahoma Beef Directory. The directory lives on the OBC website, oklabeef.org and is promoted on OBC's social media channels to over 13,000 fans and followers. For producers who would like to join it, please visit www.oklabeef.org.

Sharing Nutrition Science with the Experts

In 2023, the OBC sponsored national speakers for conferences hosted by the Oklahoma Academy of Nutrition and Dietetics, the Oklahoma Osteopathic Association, and the Oklahoma Academy of Family Physicians. The responses to the speakers were overwhelmingly positive as they shared science-based information on a variety of health topics with a positive nutritional message for beef. The topics included: Anti-Inflammatory Diets: What's Research & What's Fake News, Importance of Meeting Nutritional Needs in Early Childhood: Practical Tips for Successful Complementary Feeding, and Nourishing for Strength & Resilience: What Healthcare Professionals Need to Know about Sustainable Nutrition.

Grazing Grain in Oklahoma

OBC, in partnership with the Oklahoma Wheat Commission, created a video series showing consumers the unique and sustainable relationship between the cattle and wheat industries. It is a wonderful story of sustainability to share how farmers and ranchers raise beef and wheat on the same land in Oklahoma, producing a high-quality protein in beef and whole grains in wheat. If you would like to learn more about this partnership, visit oklabeef.org.

OBC Recipe Videos Reach Consumers 1 Million+ Times

Beef Checkoff-funded market research shows that beef recipes are a key need for Oklahoma consumers. With this in mind, the OBC created 22 tasty and easy beef recipe videos, reaching consumers more than one million times on social media.

Putting Beef in Online Shopping Carts

OBC invested in two e-commerce opportunities with major U.S. retailers during the holidays and the summer grilling season in FY2023. As a result of this investment, the OBC was able to drive \$2.62 million in trackable beef sales in Oklahoma. For every dollar invested in the promotion in Oklahoma, the return on ad spend was \$150 in beef sales.

New Health Influencer Group Learns about Beef

While the OBC has worked with the OU, UCO and OSU dietetic intern programs for many years, hosting seminars and ranch tours, it was exciting to add a new group in 2023, the Keith and Associations Distance Dietitian Internship (KADDI). Through this partnership, 40 dietetic interns from across the U.S. had the opportunity to participate in a ranch tour and seminar where they learned about beef nutrition and cattle care.

Nutrition Adventure

Nutrition Adventure aims to clear beef industry misconceptions, connect dietitians with producers and provide applicable science and skills to dietitians nationwide. The Kansas, Nebraska, Oklahoma and Missouri State Beef Councils co-hosted this three-day Beef Checkoff-funded program in May.

Dietitians from California to New York, Florida to Nebraska came to Kansas City for programming centered on beef nutrition, production, food inclusivity and food styling. Attendees were diverse in their specialties, ranging from university dining services to social media influencers.

Nine Million Video Views in 2023

In 2023, the OBC funded Connected TV and YouTube advertising in Oklahoma and provided additional support in key U.S. population centers during the summer grilling period. The primary message of the advertising focused on the national *Beef. It's What's For Dinner.* campaign with the theme, "Together. We Bring More." As a result of this funding effort, OBC helped achieve more than nine million video views in Oklahoma and the U.S., meaning consumers saw *Beef. It's What's For Dinner.* video ads more than nine million times due to OBC investments and national partnership. The cost per view was approximately \$.03.

International Promotions for U.S. Beef

In 2023, the OBC invested in promotions and education programs for U.S. beef in Japan, South Korea, Mexico and Africa through a partnership with the US Meat Export Federation. For example, the OBC provided funding support for beef demonstrations in 835 retail outlets in Japan, which was a part of helping to drive more than seven million pounds of U.S. beef sales in Japan.

AHA FIELD REPRESENTATIVE

Cord Weinheimer, 830-456-3749

Fellow Hereford Breeders,

It is an honor to be reporting back to you and serving the outstanding members of the Oklahoma Hereford Association. The Hereford breed has always been a passion of mine. My family has been raising and showing Hereford cattle since 1957. The people my family have met because of the breed over the years have become some of my closest friends. There are few constants in life, but these friendships outlast trends, fads, and changing tides.

The Oklahoma Hereford Association is home to some of the most elite Hereford breeders in the world. The passion our members have for the Hereford breed and the beef industry is admirable. It is a privilege to serve as your Oklahoma Hereford Association President and to work alongside each of you.

There is no better industry to be involved in! The breed association that we call our own has provided a role model for success and perseverance. The leadership in Kansas City is second-to-none and the staff at the American Hereford Association goes above and beyond to enhance the Hereford breed and move it forward in a positive direction. The national and state junior associations are as strong and progressive as ever. The NJHA has grown tremendously over the years and now offers junior members with many wonderful opportunities. Leadership and integrity are the staple of the programs the NJHA offers. The youth of our breed is without question the future of the beef cattle industry. I am grateful the Oklahoma Hereford Association has such an involved group of juniors coming up in the ranks to continue traditions.

As agriculturalists, we are being called into a new role as advocates for our industry to an increasingly critical public. As a Hereford breeder, I am proud of the invaluable skills we have provided our youth through training in leadership, responsibility, animal care, and education. They are the future of this breed, and I am pleased to see how prepared they are to take on obstacles that come their way.

The Oklahoma Hereford Association is continuing to grow and be an advocate for the Hereford breed. We are excited about our partnership with the Cherokee Sale Barn and our involvement with their Hereford Influence Sale. This is an excellent opportunity for us to promote the Hereford breed and support other agriculturalists.

I sincerely enjoy the opportunity to serve the Oklahoma Hereford Association's membership. The key to a successful organization is the membership, and there is no question we have the most elite in the nation. I hope you can join us in Chickasha, OK, for the Winter Red Dirt Rendezvous—Annual Meeting and Awards on November 30. Let me know if there is anything that I or the Oklahoma Hereford Association can do to help you.

Kind Regards,

Rindy Bacon, Oklahoma Hereford Association President

ABOUT OHA

The Oklahoma Hereford Association is the result of the merger of two long-standing breed associations, both started in 1952. OHA provides services for horned and polled Hereford breeders across the state of Oklahoma as well as members from adjoining states.

LPH 291W MISS CATHY 204S 228C {HVP}

- One of the most talked about bulls in OKC.
- A rare combination of negative BW and phenotype.
- Judge Jason Hoffman commented, "This bull is an unique individual with negative BW but still the phenotype to compete in the show ring."
- Javelin's dam was a show heifer for Halle that was Oklahoma State Fair Grand Champion Hereford in the Junior and Open show and a reserve division winner at OYE.
- The best part about Javelin's dam is that she has become a tremendous cow and one of the best at Littau Polled Herefords.
- Javelin's dam is a beautiful cow with a neat udder and is headed to the donor pen.
- Javelin's sire is the popular Markers Mark and Javelin may be the best son to date.
- Javelin will provide the best of both worlds; you can sleep all night as your heifers calve and still have a calf that is of high quality.
- Javelin is sound and still provides plenty of performance. He weighed 1,884 lb. at 19.5 months of age.

It is a pleasure to report again on behalf of the Oklahoma Hereford Women. The Hereford breed has always been a passion of mine. I have been involved with the Hereford industry all my life and have seen a lot of great changes.

Over the past few years, I have thought about how my grandparents did things and how much things have changed. I know that when I second-guess myself, they would tell me to stay true to my values and beliefs. They would tell me to get out there, network and build connections so this group of great ladies can continue to help grow the future of the Oklahoma Hereford Women.

Due to this great organization's support, we have increased our scholarship amounts and added new scholarships. We have some of the best juniors in the nation, and I am thrilled we can honor their accomplishments through our scholarship program. The Oklahoma Hereford Women is passionate about the members of the Junior Hereford Association of Oklahoma. We are constantly working to think of creative ways to continue to fund our scholarships. We recently introduced the "Herf'd" scholarship fundraiser at the Red Dirt Rendezvous. It was a huge success. Do not be surprised if the herd shows up this fall.

As we continue to grow our membership, I am excited about our future and the areas where we continue to work together to benefit all generations of Hereford breeders. The Oklahoma Hereford Women and the Junior Hereford Association of Oklahoma, with each of your unique contributions, continue to uphold the legacy the generations before us created.

I sincerely appreciate the opportunity to serve the Oklahoma Hereford Women and look forward to seeing everyone in Chickasha, OK, for the Winter Red Dirt Rendezvous—Annual Meeting and Awards on November 30. Let me know if there is anything that I or the Oklahoma Hereford Women can do for you.

Thank You,
Rindy Bacon
Oklahoma Hereford Women President

MATERNAL PREDICTABILITY WITH ADDED POWER, BONE AND MUSCLE!

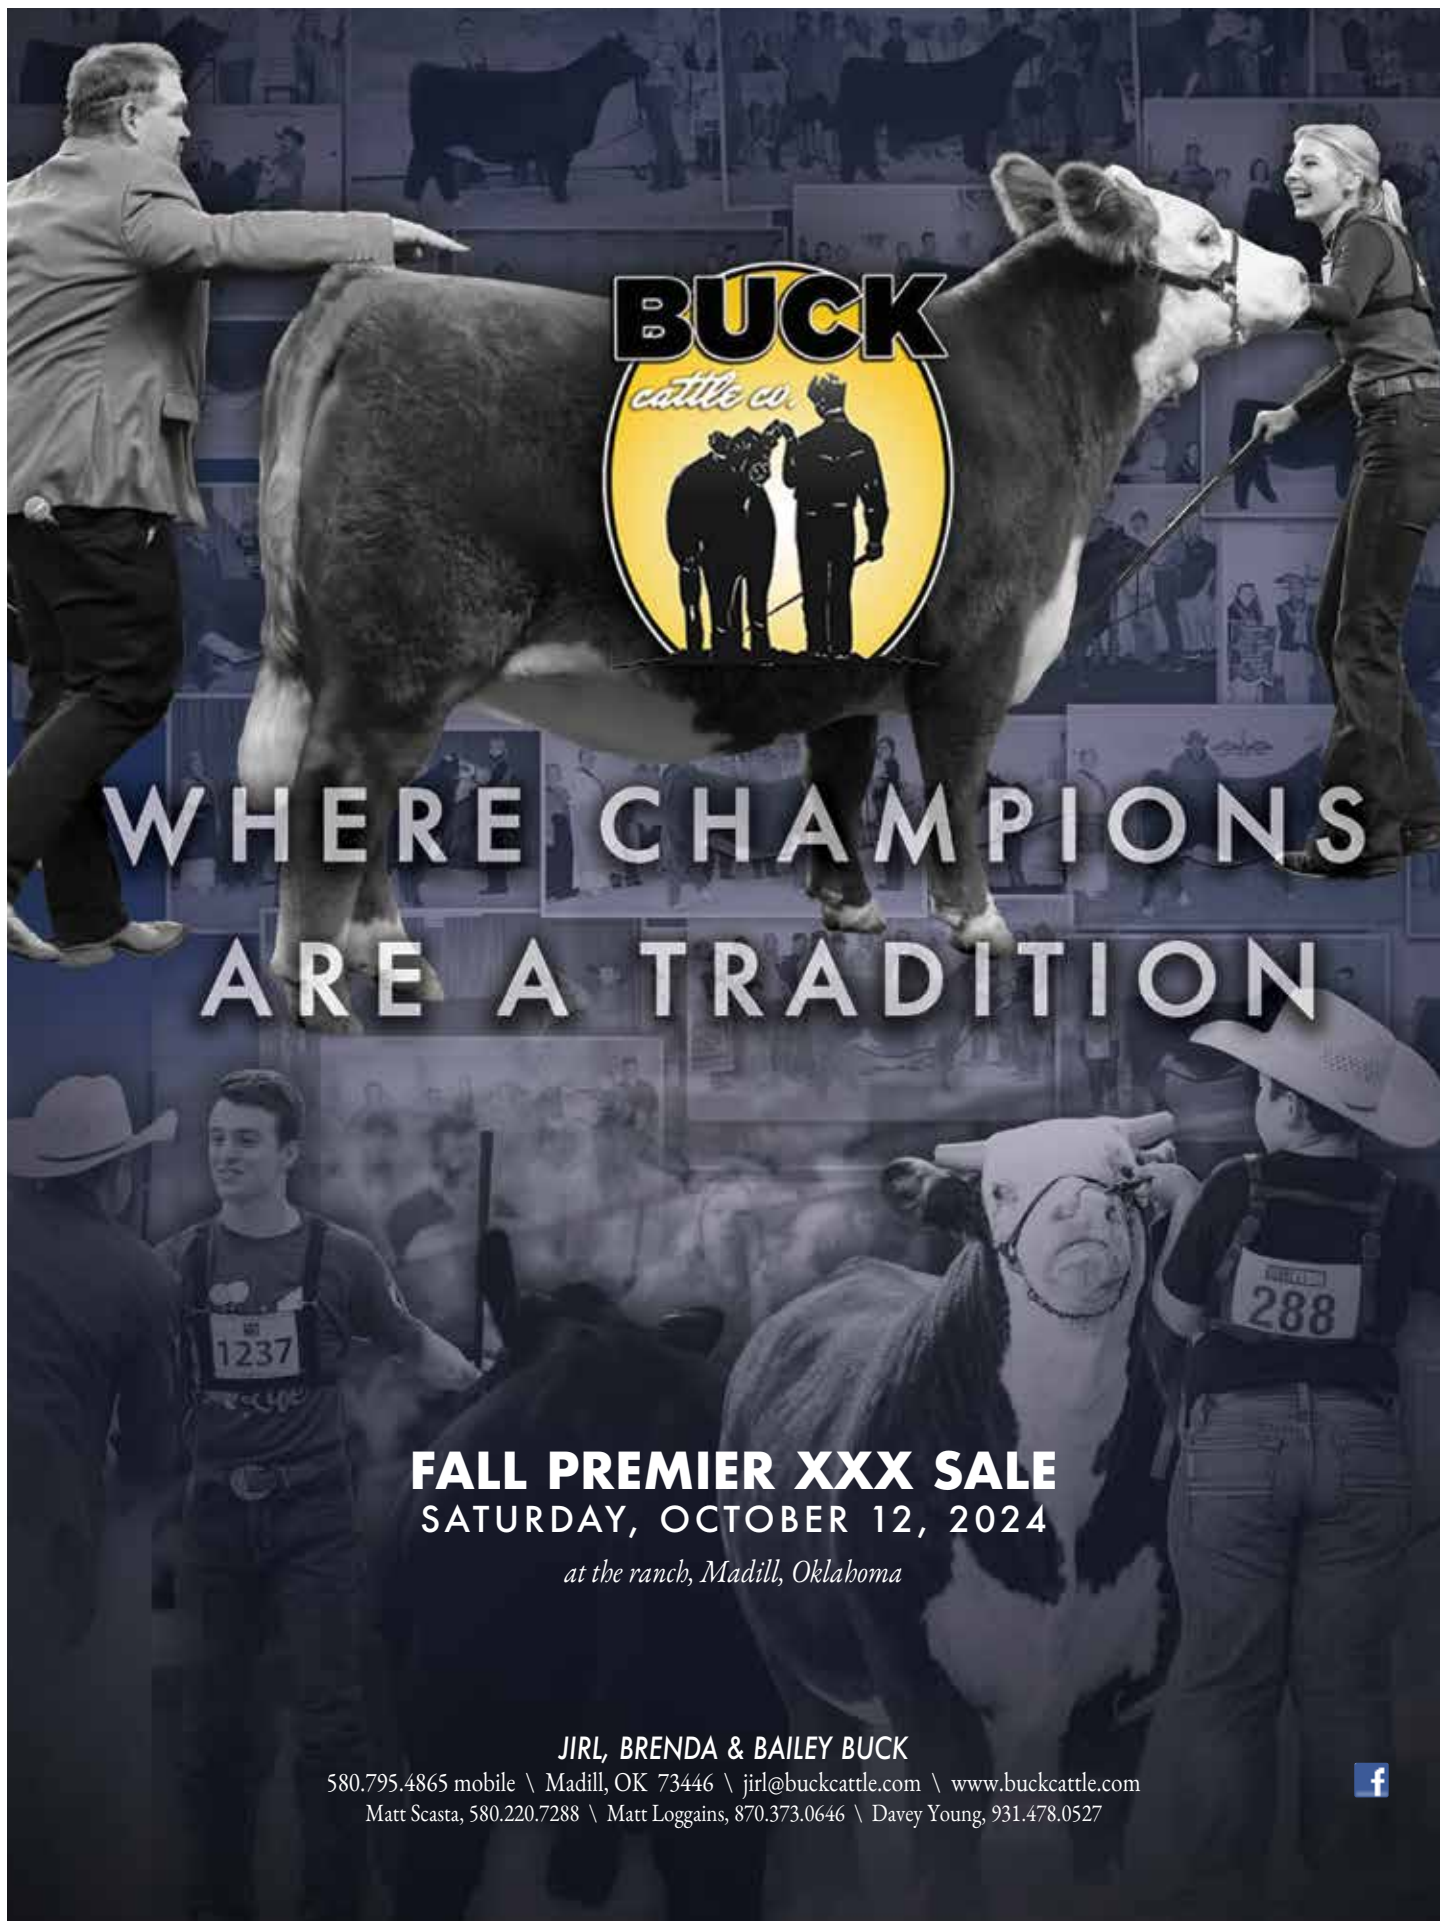

Based in Hominy, Oklahoma, we maintain an elite herd of straight line 1 cows with proven progeny, as well as a set of performance focused females used as an outcross for the line 1 bulls.

We offer a select set of Hereford bulls year round.

**In addition to the registered Herefords, we also operate a large commercial herd where the black baldy is the cornerstone of the program!
Hereford genetics maximize the potential and profitability of commercial herds.**

Garfield progeny are dark red, heavily pigmented, very impressive individuals that cattlemen appreciate.

His daughters have excellent udders and milk flow. A son was the high selling bull in the 2024 Hereford Heritage Bull Sale, plus other progeny have met with great acceptance.

**Watch for Garfield progeny

Brandi Hansen

Jared Utley

Oklahoma Hereford Breeders,

It is an honor to serve as the JHAO President for 2024-2025. The Hereford breed runs deep in my roots as my family is celebrating the 80th anniversary of our E7 Ranch. I have been a member of the JHAO since 2015 and have attended every junior national since then.

I am excited for the upcoming year in the Hereford breed. Last year, Oklahoma juniors had a very successful JNHE and won the Sweepstakes award. I cannot wait to see our Oklahoma juniors show up and show out at the "Grand Daddy Of 'Em All" in Grand Island. Our junior organization is full of top-notch competitors, and the future of the Hereford breed looks bright!

I would like to take this opportunity to thank everyone who contributes to the JHAO's success: the members, advisors, parents, OHA board, Hereford Women, and of course the Hereford breeders who support the junior activities. The JHAO would not be able to accomplish the things we do without your support and involvement.

I look forward to seeing the success of the junior members and am excited to see the JHAO continue to cultivate and grow the future of the Hereford breed.

Sincerely,

Marlee Pecha, JHAO President

OKLAHOMA HEREFORD ASSOCIATION

ANNUAL MEETING AWARD WINNERS

BREEDER OF THE YEAR

Wheeler Farms

Wheeler Farms started in 1903 and was the state's largest pig farm for some years. What was originally two farms, a husband-and-wife duo Robert Lee and Rosie Lee Wheeler, consolidated with Sam Wheeler many years later. In the 1940's, Sam was given the choice of a new car for college or his own set of cattle. His choice was the start of the foundation of Wheeler Farms Herefords. Sam attended Oklahoma State and told many stories of riding in the boxcars with the cattle to different shows while at the university.

Sam went on to marry Bernice Heisler and have two children, Karen and Phil Wheeler. Phil ran the operation successfully for many years with one of his favorite accomplishments being winning Reserve Champion Heifer at Fort Worth in 1987. Phil and Lynda married in 1986 and they had one child, Will Wheeler. Will and Phil spent many years together in the show ring.

Phil later passed and the farm was taken over by Will and Nicole Wheeler. They share numerous similarities with the program Phil started, yet it has grown much larger. The farm now has an active ET program and facility. They have worked many years on improving the herd while also finding success on the national and state level several times. The farm hosts an annual sale in the spring called the Southwest Ranchers Bull & Female Sale. All of these things are only possible because of the best staff the farm has ever had.

In 2020, the farm opened a successful meat market where they sell primarily Hereford and F1-cross beef genetics to the town of Chickasha and surrounding areas. In doing this, Wheeler has come very close to marketing and vertically integrating all animals. Very rarely do younger animals make it off the place without going through the sale ring or the meat market.

Recently, Pit Boss, a bull raised by Wheeler Farms, was named Reserve Champion Bull at the North American International Livestock Exposition and Reserve Champion Polled Hereford Bull at the Fort Worth Stock Show. He was also a Division Champion in Oklahoma City. The Wheelers take great pride in this accomplishment because as the Hereford breed continues to grow and expand they hope to continue to do the same. Remaining informed about genetic opportunities and staying current with breed advancements is crucial in order to achieve their goals within the industry.

COMMERCIAL BREEDER OF THE YEAR

Stuart Ranches

In 1868, Robert Clay Freeny left Boggy Depot, Indian Territory to settle on the "Redlands" or what is today the Atoka/Bryan County line, northeast of Caddo, Oklahoma. This county would become the future headquarters for the Stuart Ranch, which has grown into a diversified operation spanning four counties in the great state of Oklahoma. Today, the headquarters are located in Jefferson County, near Waurika, Oklahoma.

Four enterprises comprise the Stuart Ranch—a commercial cow-calf operation, a horse operation, Stuart Ranch Outfitters and Bar S Corriente Cattle. In 2020, Stuart Ranch Meat Company began to meet the demand for lean, quality beef locally and nationwide through their online site.

Being good stewards of the resources God has given them to manage is a commitment to which the ranch is dedicated. In 2018, Stuart Ranch celebrated a milestone, the 150th anniversary of continuous family ownership. The ranch is proud of its tradition and heritage and looks forward to an exciting future of excellence.

OKLAHOMA HEREFORD ASSOCIATION

ANNUAL MEETING AWARD WINNERS

HEREFORD HERITAGE AWARD

Turkey Feather Ranch

Turkey Feather Ranch is located in Ada, Oklahoma, and has a rich history in the Hereford business. It began in 1957 when Paul Tucker and Tonya Willoughby started a commitment to build a polled Hereford program that would create functional cattle for commercial and purebred operations. Paul Tucker was known for his support of youth projects and the development of kids with cattle. It is this mission that remains at the ranch today.

Since 2007, Rindy and Ernie Bacon, have aggressively built a foundation of elite donor females and herd sires which have seen success throughout the country. Rindy has continued to grow and learn as she was a part of the Cattlemen's Leadership Academy (CLA) Class 29.

In 2015, Turkey Feather earned the Oklahoma Hereford Breeder Of The Year Award and their goal continues being to create cattle that will be successful for customers and to continue family traditions started by Paul and Tonya.

ANNUAL MEETING AWARD WINNERS

OHA HALL OF FAME AWARD

Kyndell Nichols

Kyndell Nichols bought his first Hereford heifer in 1973 at 14 years old. Kyndell continued showing Herefords throughout high school until he attended Oklahoma State University majoring in agriculture economics and accounting. Kyndell continued being involved in the Hereford industry by helping his younger brothers show heifers as well as sell bulls and heifers through private treaty and local sales.

Once marrying his wife Michelle, Kyndell shared this passion with his sons, Levon and Lathan. It was during this time from 2008 to 2014 that Kyndell served on the Oklahoma Hereford Board of Directors, eventually becoming President of the Board in 2014. Kyndell has also served on the American Farmers And Ranchers Mutual Company Board and the Major County Fair Board for 40 years where he has strived to express the impact the Hereford industry has on youth and the genetic importance of the breed across the cattle industry.
