AHA FIELD REPRESENTATIVE

Cord Weinheimer, 830-456-3749

Fellow Hereford Breeders,

It is an honor to be reporting back to you and serving the outstanding members of the Oklahoma Hereford Association. The Hereford breed has always been a passion of mine. My family has been raising and showing Hereford cattle since 1957. The people my family have met with over the years have become some of my closest friends. There are few constants in life, but these friendships outlast trends, fads and changing tides.

The Oklahoma Hereford Association is home to some of the most elite Hereford breeders in the world. The passion our members have for the Hereford breed and the beef industry is admirable. It is a privilege to serve as your Oklahoma Hereford Association President and to work alongside each of you.

There is no better industry to be involved in! The breed association that we call our own has provided a role model for success and perseverance. The leadership in Kansas City is second-to-none and the staff at the American Hereford Association goes above and beyond to enhance the Hereford breed and move it forward in a positive direction. The national and state junior associations are as strong and progressive as ever. The NJHA has grown tremendously over the years and now offers junior members with many wonderful opportunities. Leadership and integrity are the staple of the programs the NJHA offers. The youth of our breed is without question the future of the beef cattle industry. I am grateful the Oklahoma Hereford Association has such an involved group of juniors coming up in the ranks to continue the traditions.

As agriculturalists, we are being called into a new role as advocates for our industry to an increasingly critical public. As a Hereford breeder, I am proud of the invaluable skills we have provided our youth through training in leadership, responsibility, animal care and education. They are the future of this breed, and I am pleased to see how prepared they are to take on obstacles that come their way.

The Oklahoma Hereford Association is continuing to grow and be an advocate for the Hereford breed. We are excited about our partnership with the Cherokee Sale Barn and our involvement with their Hereford Influence Sale. This is an excellent opportunity for us to promote the Hereford breed and support other agriculturalists.

I sincerely enjoy the opportunity to serve the Oklahoma Hereford Association's membership. The key to a successful organization is the membership, and there is no question we have the most elite in the nation. I hope you can join us in Enid, OK, for the Winter Red Dirt Rendezvous—Annual Meeting and Awards on November 22. Let me know if there is anything that I or the Oklahoma Hereford Association can do to help you.

Kind Regards,

Rindy Bacon, Oklahoma Hereford Association President

ABOUT OHA

The Oklahoma Hereford Association is the result of the merger of two long-standing breed associations, both started in 1952. OHA provides services for horned and polled Hereford breeders across the state of Oklahoma as well as members from adjoining states.

It's an honor to once again provide an update on behalf of the Hereford Women of Oklahoma. The Hereford breed has always held a special place in my heart. Having been involved in this industry my entire life, I've had the privilege of witnessing tremendous growth and positive change.

Lately, I've found myself reflecting on how my grandparents approached things—and how far we've come since then. In moments of doubt, I know they would encourage me to stay grounded in my values and beliefs. They would remind me to keep building relationships and creating opportunities, so this incredible group of women can continue supporting the next generation of Oklahoma Hereford breeders.

Thanks to the unwavering support of this organization, we've been able to increase scholarship awards and introduce new opportunities for our outstanding youth. We are proud to support some of the top juniors in the nation and are committed to recognizing their hard work and achievements. The Hereford Women of Oklahoma remain deeply invested in the success of the Junior Hereford Association of Oklahoma, and we're always looking for innovative ways to fund our scholarship program.

We are especially proud to have two of our own—Nikki Crumm and Elizabeth Crumm—serving on the National Hereford Women board. Their leadership and representation at the national level is a tremendous honor and a reflection of the strength and dedication found within our membership.

As our organization continues to grow, I am excited about the future and the impact we're making together across all generations of Hereford breeders. The collaboration between the Hereford Women of Oklahoma and the Junior Hereford Association of Oklahoma ensures we continue building on the strong legacy left to us.

Thank you for the opportunity to serve as your president. I look forward to seeing everyone at the Winter Red Dirt Rendezvous—Annual Meeting and Awards on November 22 in Enid, OK. Please don't hesitate to reach out if there's anything I or the Hereford Women of Oklahoma can do for you.

With gratitude,

Rindy Bacon, President, Hereford Women of Oklahoma

TRADITION YOU CAN TRUST. GENETICS YOU CAN COUNT ON.

With a foundation built on **genetic integrity**, **maternal strength**, and **structural soundness**, we focus on producing cattle that work in the real world. Since 1941, we have maintained a commercial cow/calf operation in Hominy, OK. We have an elite herd of straight line 1 cows, as well as a set of performance focused females. We offer a select set of Hereford bulls year round.

CURRY HEREFORDS

McAlester & Okemah, Oklahoma

CH

Established 1972

P44384234

- CH PREMIER 233 ET has done nothing but impress from day one. We had his first calf crop on the ground with much success. This spring calf crop will be substantially larger with breeders across the country using him. We have semen stored up and ready to go to work! Be ahead of the curve on this sire you won't regret it!
- Semen: \$50/Straw; \$50/Certificate

CH Premier 233 ET {DLF,HVF,IEF,MSUDF,MDF,DBF}

- WINCHESTER was the undefeated four-time national champion that excels in so many ways. We had our first calf crop last spring and loved the calves. It was also his first calf crop this past fall, and we were very successful in the show ring as well as the other owners. He may be now deceased, but he is the perfect complement to a lot of the mainstream sires out there today.
- Owned with: GKB Cattle, Barber Ranch, Colyer Herefords, Express Ranches
- Contact GKB for semen offerings.

The advertisement features a collage of images related to cattle sales. At the top, there are three small photos: a view of a cattle pen with a sign that says "Cherokee Sales Company", a person pointing at a screen, and a group of people on horseback. The central part of the ad has a white background with the word "CHEROKEE" in large, bold, black letters. Below it, the text "SALE EVERY WEDNESDAY" is written in red, and "SALES CO." is written in black. At the bottom, there are three more photos: a group of cattle, a view of a cattle pen, and a close-up of a horse's head. The entire ad is framed by a red border.

CHEROKEE

SALE EVERY WEDNESDAY **SALES CO.**

csc@cherokeesalesco.com | 580-596-3361

What is Beef Quality Assurance?

Beef Quality Assurance is a nationally coordinated, state implemented program that provides systematic information to U.S. beef producers and consumers of how common-sense husbandry and transportation techniques can be coupled with accepted scientific knowledge to raise cattle under optimum conditions.

Why get BQA certified?

Voluntary certification to show consumers that cattle from your operation entering the food supply is safe, wholesome and quality beef.

How to get BQA certified?

Online at bqa.org with the following options:

- Cow/Calf, Stocker/Backgrounder, Feedlot courses are available.
- Professional Driver & Farmer/Rancher are available for BQA Transportation (BQAT)
- In-person training with state approved BQA trainer

Continuing Education

Continuing Education is only open to previously certified producers. BQAT & Biosecurity courses are now available.

How much does it cost?

The online BQA and BQAT certification courses are free as they are funded through the Beef Checkoff. In-person trainings may incur a nominal fee. Contact your state for details.

How long is my certification valid?

BQA Certification is valid for three years.

Learn more at www.bqa.org or <https://www.oklabeef.org/bqa>

Oklahoma Hereford Breeders,

It is an honor and a privilege to serve as the 2025-2026 JHAO President. It has always been a goal of mine to positively impact and serve Hereford youth. I am a sixth generation Hereford breeder and have been a member of the National and Oklahoma Junior Hereford Associations since I was seven years old. Countless times the Hereford breed has supported me and given me life-changing opportunities. In turn, I strive to give all Hereford exhibitors a chance to build relationships, develop leadership and above all, acquire a strong work ethic.

I couldn't be prouder of the youth who are involved in the Junior Hereford Association of Oklahoma. Every year at the JNHE, Oklahoma juniors are top competitors, putting in countless hours of hard work in order to positively represent our state. I am beyond excited to see our junior members exhibit these qualities at this year's "Live from Louisville" JNHE.

The JHAO is very fortunate to have support from leaders and mentors such as the OHA Board, advisors, Hereford Women, parents, numerous sponsors and Hereford breeders. Their dedication to promoting and supporting Hereford youth is invaluable, and we have them to thank for our success.

I am eager for the upcoming events in the Hereford breed! I look forward to working with my fellow junior members and our advisors to make this year a success. The future is as bright as ever!

Sincerely,

Cierra Collins

2025-2026 JHAO President

Recreational Land

READY TO SELL OR JUST EXPLORING YOUR OPTIONS?
COME EXPERIENCE THE LAND DOCTORS DIFFERENCE.

At The Land Doctors, we're landowners, ranchers, business owners, hunters, outdoor enthusiasts, conservationists, and builders. With years of experience across these fields, we understand land from every angle. Our team listens to your needs and provides personalized guidance to help you make the best possible decision.

We look beyond the transaction. Whether you're selling land for the first time or are experienced in the market, our goal is to foster trust and transparency. We believe all land has a story—and so do its owners. We're here to listen, understand, and guide you through a stress-free process, offering personalized attention every step of the way.

ANNUAL MEETING AWARD WINNERS

BREEDER OF THE YEAR

Bowling Ranch

Bowling Ranch is located at the foot of the Flint Hills and the top of the Osage Hills, which is on the Oklahoma-Kansas Stateline in far Northeast Kay County, Oklahoma. However, the ranch originated in Grant County, Oklahoma, in the Pond Creek-Jefferson areas in the early 1900s. In that time period, the Hereford breed was still king of all the cattle breeds.

Today, Bowling Ranch consists of both Hereford and Red Angus cattle. The registered herds total approximately 600 head combined, while the commercial herd consists of approximately 750 head of Hereford/Red Angus crosses, producing high-quality red-baldies. The cattle run on a wide expanse of native grass. Bowling Ranch has an extensive AI and ET program which incorporates industry leading genetics.

Tim Stidham manages the registered side of the program with assistance from his wife, LaMecia, who manages the registered records. Kris Young supervises the commercial operation, while owner Nancy Bowling provides oversight of the operation.

Many cattlemen have learned the value and benefits of heterosis, thus combining the genetics of both Hereford and Red Angus. Bowling Ranch was honored in July 2024 by the Oklahoma Cattlemen's Association, for donating the top steer to the Oklahoma Cattlemen's Foundation. The Bowling red baldy steer placed in three categories: #1 for daily gain with 5.78 lbs, #2 for carcass index, and was Overall Reserve Champion out of approximately 60 steers.

ANNUAL MEETING AWARD WINNERS

HEREFORD HERITAGE AWARD

Vanderwork Herefords

Vanderwork Herefords tradition of raising quality Hereford cattle began in the 1930s when two brothers, Charles and Les Vanderwork, began raising and showing Hereford cattle. Their operation, herd and reputation of producing sound and profitable Horned Herefords grew, and in 1946, Leslie moved his family to Taloga and established the current Vanderwork Herefords Ranch. The brothers were charter members of the Oklahoma Hereford Association formed in 1952. Upon the death of Leslie in 1973, the ranch became a commercial operation.

In 2006, another partnership was formed between Scotty and Cindy Vanderwork and Richie and Marylu Oakes with the purpose of re-establishing the Vanderwork Herefords name in the industry. With the purchase of ten Hereford females from Dale Rich of Ringling, Oklahoma, and the leasing of 20 Hereford females from Harold and Donna Gleason of Square G Ranch, Vanderwork Herefords was reborn. The purchase of the herd sire, KAGS Scholarship, in 2007 set them in motion of following the tradition on which they were originally established. From this beginning, through the process of selection and use of top herd bull sires from across the nation, Vanderwork Herefords has produced an AHA Herd Bull of the Year, as well as many national and state champions.

Scotty and Richie have both served at various times on the OHA board through the years with Richie being a past president. They have enjoyed helping many juniors through the years get started in the Hereford business.

Many cows, bulls, grandkids, banners and buckles later, their mission remains the same: produce quality, sound and profitable Horned and Polled Hereford cattle for the show ring and the beef producer.

ANNUAL MEETING AWARD WINNERS

OHA HALL OF FAME AWARD

Littau Polled Herefords

Sam Littau's journey in the cattle industry began during his high school years, alongside his father, Albert. Initially, they started with commercial Hereford cows, but their passion and dedication soon led them to establish a registered herd. In 1976, the father-son duo officially branded their ranch as Littau Polled Herefords.

Sam's lifelong affection for Herefords deepened significantly when he returned to the family farm/ranch after completing his education at Southwestern Oklahoma State University, where he earned degrees in

Mathematics and Physics. In 1973, Sam married Teresa, who became a part of the ranch's daily operations.

Through relentless hard work and dedication to genetic improvement, Sam has elevated the quality of Littau Polled Herefords to impressive new heights. Over the past 15 years, the herd's marketability and quality have seen exponential growth. The ranch has been able to improve EPDs without sacrificing phenotype. Most of the cattle are sold through private treaty, catering to both commercial and registered herds in the industry. A point of pride for Sam and Littau Polled Herefords is the number of repeat customers who seek their cattle year after year.

Littau Polled Herefords has also made its mark in the show ring, boasting regional, state and national winners. Currently, Sam's four grandchildren, Halle, Hunter, Garret and Ryder, take on the majority of the show ring responsibilities, continuing the family legacy. Sam and Teresa's two children, Ryan and Nicole, are actively involved with the cattle and share their father's passion for Herefords.

Today, Littau Polled Herefords stands as a testament to dedication and excellence in the cattle industry, thriving in the panhandle of Oklahoma. Sam Littau's and Littau Polled Hereford's contributions and commitment make him and the ranch a worthy inductee into the Hall of Fame, celebrating a legacy built on hard work, family and a deep love for Hereford cattle.

What do P&R bulls grow-up to look like?

P&R Advancer L 234K was the top selling bull in the P&R 2023 sale, purchased by Webb Farms of Canton, OK. 234K has P&R's "range cattle efficiency" bred in providing the maternal advantage you can't find anywhere else in any other breed, line bred to maternal giants (GK Genetic Explosion — 13 times; CL 1 Domino 5110R — 2 times; and Churchill Sensation 028X) that have led the Hereford breed for decades and will continue to lead far into the future!

What is the real benefit of using P&R bred Hereford bulls?

Congratulations to Brandon Webb and his two sons, Clayton Webb and Wade Webb, for their top selling consignment to the Fairview Livestock Commission Company this past May, a powerful set of top steers sired by P&R & Graft-Britton bulls!
